Within 30 days after receiving an application for approval of a development permit or development order, a county must review the application for completeness and issue a letter indicating that all required information is submitted or specifying with particularity any areas that are deficient. If the application is deficient, the applicant has 30 days to address the deficiencies by submitting the required additional information. Within 120 days after the county has deemed the application complete, or 180 days for applications that require final action through a quasi-judicial hearing or a public hearing, the county must approve, approve with conditions, or deny the application for a development permit or development order. Both parties may agree to a reasonable request for an extension of time, particularly in the event of a force majeure or other extraordinary circumstances.
